

The government have released an updated list of key workers which I would like to share with parents/carers, in order for families to make informed decisions. The list of key workers and students who are considered vulnerable can be found here: <http://www.gov.uk/government/publications/coronavirus-covid-19-maintaining-educational-provision>

Government advice is that parents keep their children at home, wherever possible, in order to limit the chance of the virus spreading. It is our understanding that where BOTH PARENTS are key workers and have no other childcare provision, students can be sent into school.

The schools opening times from Monday 23 March to Friday 3 April are from 8.30am to 2.45pm.

We continue to seek government guidance for the provision for students on free school meals. I will update families on this as soon as we receive this information.

Thank you for your continued support and patience during these testing times.

Ian Noble

Head Teacher
