

RISK ASSESSMENT Coronavirus (Covid 19)

ACTIVITY: Coronavirus (COVID-19) Spread and Government Advice (REVISION 2) – 19/05/2020 (Page 1 of 39)		DATE OF ASSESSMENT 03/06/20
ESTABLISHMENT/SCHOOL Boldon School	SECTION/TEAM All	
WHO MIGHT BE HARMED? Employees, pupils, trainees, students and visitors		HOW MANY ARE AFFECTED? 200+
<p>Steps of admitting more pupils (school has been open to between 8 - 10 pupils each day during lockdown) This document has been produced in conjunction with all Government guidance All risk has been assessed to minimise the spread of the virus as far as possible The risk assessment cannot guarantee safety of pupils and staff but if followed will mitigate risk as far as possible It is staff members' responsibility read and understand this document and implement the measures described It is staff member's responsibility to ensure that pupils adhere to all social distancing (SD) measures</p> <pre> graph LR A[Determine capacity of school building] --> B[Determine Staff available to work on-site] B --> C[Liaise with parents regarding intention to return pupils to school] C --> D[Undertake & review RAs & develop action plan] D --> E[Share re-opening plans with Governing Body and staff] E --> F[Make necessary adaptations to site] F --> G[Complete identified actions] G --> H[Inform parents of re-opening plans & expectations] </pre>		
<p>This Risk Assessment sets out the decisions taken and measures put in place to prepare for the phased re-opening of the school and ensure the school continues to operate in a safe way. Existing policies and guidance continue to apply alongside the actions within this document, including but not limited to:</p> <ul style="list-style-type: none"> • Health and Safety Policy • First Aid Policy • Child Protection Policy • CYP Response Plan • DFE Guidance relating to COVID19 • The Health and Safety at Work etc. Act 1974 • Management of Health and Safety at Work Regulations 1999 • Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013 • First Aid Regulations 1981 • The Health Protection (Notification) Regulations 2010 		

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

---	---------------------------

HAZARDS (including inadequate / lack of arrangements)	EXISTING CONTROL MEASURES	if in place ✗ if not	IF 'X' STATE THE ACTION TO BE TAKEN WITH TIMESCALES OR INDICATE ANY ADDITIONAL CONTROL MEASURES	RESIDUAL RISK RATING High, Medium, Low
<p>Risk of coronavirus infection spreading to children and staff due to inadequate infection control procedure</p>	<p>Lead/Head teacher to regularly check the latest government advice for schools and to ensure the advice is shared and followed. See links for latest advice - Actions for education & childcare settings to prepare for wider opening from 1 June 2020.</p> <p>Teachers share key information about hygiene daily. HT, DHT and staff to remind children at the start of the day. Resources are 'Catch it, Bin it, Kill it' poster and handwashing video and other resources to teach pupils about hygiene – information posters are displayed around the school, toilet facilities and every classroom.</p> <p>Pupils, students, staff and visitors should wash their hands:</p> <ul style="list-style-type: none"> ● before leaving home ● on arrival at school ● after using the toilet ● after breaks and sporting activities ● before food preparation ● before eating any food, including snacks ● before leaving school ● Soap and water is more effective than using sanitisers <ul style="list-style-type: none"> ● Minimise contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, do not attend childcare settings, schools or colleges ● follow the COVID-19: cleaning of non-healthcare settings guidance ● ensure that sufficient handwashing facilities are available. Where a sink is not nearby, provide hand sanitiser in classrooms and other learning environments ● clean surfaces that children and young people are touching, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters, more regularly than normal 	Yes	<p>Boldon Action:</p> <ul style="list-style-type: none"> ● Daily updates from DFE forwarded to HT from Head's PA. Both read info within the updates and action as necessary. Info shared with wider school population as necessary. ● All government guidelines have been taken into account when assessing the school for risk and for agreeing new building layout. ● Key hygiene information located around school. Prevent and symptoms information shared with pupils at the start of each day. Info shared on social media so all school population is aware of measures taken. ● newsletter to parents 05/06/20 - asking them to share good practice with pupils at home and to encourage the continuation of this behaviour at school. Letter lists these specific areas of advice. ● At additional cost to school, Employment of additional cleaner in school during the day to follow a specific cleaning routine. Cleaner is in addition to normal LA cleaning service the school benefits from. <p>Cleaning Information:</p> <ul style="list-style-type: none"> ● Cleaner will work in school 9.30 – 4.00pm around all areas of the school. 	<p>Reduced to L</p> <p style="text-align: center;">By employment of additional cleaners</p>

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

			<ul style="list-style-type: none"> Mitie will ensure all cleaning in school will be at the highest level. All classroom bubbles will have a hand sanitiser station. All pupils and staff members have access to soap and water - either in classroom bubble or in the toilet areas. Mitie will ensure cleaning equipment stock is monitored and replenished where required. All pupils issued with their own stationery wallet - items and bag to be cleaned by pupils at the end of each day. Key worker / vulnerable Classes to be issued with box of PE/sporting equipment for outdoor use - items and box to be cleaned by Mitie staff at the end of the day. All pupils' work will be stored in a plastic zip wallet which has already issued. No school exercise books will be used during this period. No marking of work is expected during this period. Teacher to reinforce cleaning and hygiene messages during the day. Teachers to supervisor hand washing and hand sanitising. All classroom bubbles and work areas - windows to be open during room use. Use of toilets - pupils will be supervised by classroom staff. Classroom staff to ensure no crowding of toilet areas and SD measures are maintained at all times. 	
--	--	--	--	--

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

			<ul style="list-style-type: none"> bags are available to all staff who wish to change their clothing before going home. All pupils to ensure they wear clean recently washed clothes each day. All rooms to ensure windows and doors are open regularly to allow fresh air to circulate. Paper towels to be provided as an alternative to hand dryers. Waste bins in each room and frequently emptied. All waste removed at end of each day. Ventilation and air conditioning units have been checked and maintained. IT4 will use Summer settings which circulates more fresh air than winter settings. Toilets have extract air only and classrooms fresh air supply from the windows. Where a known or suspected Covid 19 case has been reported, the affected areas will be sealed for 72 hours. The areas will then be deep cleaned and sanitised. All cleaning materials used will be placed in waste bags and stored in a secure location for a further 72 hours, before being disposed of. Goods entering the site will be stored for 72 hours before distribution to classrooms. Mini bus will not be used during this period.

HAZARDS (including inadequate / lack of arrangements)	EXISTING CONTROL MEASURES	if in place ✗ if not	IF '☐' STATE THE ACTION TO BE TAKEN WITH TIMESCALES OR INDICATE ANY ADDITIONAL CONTROL MEASURES	RESIDUAL RISK RATING High, Medium, Low
Child/Adult is unwell and it is believed that they have been exposed to COVID-19.	<p>If anyone develops coronavirus (COVID-19) symptoms of coronavirus in an education setting they must be sent home and advised to follow the staying at home guidance.</p> <ul style="list-style-type: none"> • If a child is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the child and with appropriate adult supervision if required. • Ideally, a window should be opened for ventilation. If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people. • If they need to go to the bathroom while waiting to be collected, they should use a separate bathroom if possible. The bathroom should be cleaned and disinfected using standard cleaning products before being used by anyone else. • PPE should be worn by staff caring for the child while they await collection if a distance of 2 metres cannot be maintained (such as for a very young child or a child with complex needs). • In an emergency, call 999 if they are seriously ill or injured or their life is at risk. Do not visit the GP, pharmacy, urgent care • If a member of staff has helped someone who was taken unwell with symptoms of coronavirus, they do not need to go home unless they develop symptoms themselves. They should wash their hands thoroughly for 20 seconds after any contact with someone who is unwell. Cleaning the area with normal household disinfectant after someone with symptoms has left will reduce the risk of passing the infection on to other people. You can find guidance on cleaning in non-healthcare settings. <p>guidance-to-educational-settings-about-covid-19</p>		<p>Boldon Action:</p> <ul style="list-style-type: none"> • Symptom advice shared on social media. “Do not attend ...” poster shared with parents. • First aid /sick bay established in main building (designated classroom in Maths) Only use of this building during this period. • Named first aider on site at all times when pupils are present. If the named first aider is off due to sickness, DHT will allocate staffing to cover this. If it is not possible to have a first aider on site, staff to inform SLT of the incident. SLT is aware to call emergency services if required. No first aid to be administered unless this is by a trained first aider. • PPE available for use by all staff and pupils. • Staff and pupils can wear face coverings if they feel this is necessary, but is only compulsory when on transport and for staff giving first aid. • Staff and pupils wearing face covering are advised to: <ul style="list-style-type: none"> ○ wash hands thoroughly with soap and water for 20 seconds or use hand sanitiser before putting face covering on and after removing it. 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

--	---------------------------

HAZARDS (including inadequate / lack of arrangements)	EXISTING CONTROL MEASURES	if in place ✗ if not	IF '☐' STATE THE ACTION TO BE TAKEN WITH TIMESCALES OR INDICATE ANY ADDITIONAL CONTROL MEASURES	RESIDUAL RISK RATING High, Medium, Low
	<ul style="list-style-type: none"> • What happens if there is a confirmed case of coronavirus in a setting? When a child, young person or staff member develops symptoms compatible with coronavirus, they should be sent home and advised to self-isolate for 7 days. Their fellow household members should self-isolate for 14 days. All staff and students who are attending an education or childcare setting will have access to a test if they display symptoms of coronavirus, and are encouraged to get tested in this scenario. Where the child, young person or staff member tests negative, they can return to their setting and the fellow household members can end their self-isolation. Where the child, young person or staff member tests positive, the rest of their class or group within their childcare or education setting should be sent home and advised to self-isolate for 14 days. The other household members of that wider class or group do not need to self-isolate unless the child, young person or staff member they live with in that group subsequently develops symptoms. As part of the national test and trace programme, if other cases are detected within the cohort or in the wider setting, Public Health England's local health protection teams will conduct a rapid investigation and will advise schools and other settings on the most appropriate action to take. In some 		<ul style="list-style-type: none"> ○ Avoid touching face or face covering as you could contaminate them with germs from hands. ○ Change face covering if it becomes damp or or you have been touching it. ○ Continue to wash hands regularly. ○ Change and wash face covering daily. ○ If the material is washable, was in line with manufacturer's instructions. If it is not washable - dispose of it carefully in the normal waste. ○ Practise SD whenever possible. <ul style="list-style-type: none"> • Any child showing any symptoms will be taken to this building to await their parent's collection. <p>Procedure for pupils with symptoms</p> <ul style="list-style-type: none"> • Classroom staff take child to first aid / sick bay area. Sit child near window and open window. • Classroom staff phone named first aider to come over to sick bay. • When first aider arrives, they put on all necessary PPE equipment. • Once first aider is prepared, classroom staff can now return to their classroom. • First aider to stay with child until collected. <ul style="list-style-type: none"> • Reception staff to call parents if any child shows any symptoms. 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

HAZARDS (including inadequate / lack of arrangements)	EXISTING CONTROL MEASURES	if in place ✗ if not	IF '☐' STATE THE ACTION TO BE TAKEN WITH TIMESCALES OR INDICATE ANY ADDITIONAL CONTROL MEASURES	RESIDUAL RISK RATING High, Medium, Low
Risk of coronavirus infection spreading to shielded and clinically vulnerable adults	<p>Clinically extremely vulnerable individuals are advised not to work outside the home. We are strongly advising people, including education staff, who are clinically extremely vulnerable (those with serious underlying health conditions which put them at very high risk of severe illness from coronavirus and have been advised by their clinician or through a letter) to rigorously follow shielding measures in order to keep themselves safe. Read COVID-19: guidance on shielding and protecting people defined on medical grounds as extremely vulnerable</p> <p>Clinically vulnerable individuals who are at higher risk of severe illness (for example, people with some pre-existing conditions as set out in the staying-at-home-and-away-from-others have been advised to take extra care in observing social distancing and should work from home where possible.</p> <p>Education and childcare settings should endeavour to support this, for example by asking staff to support remote education, carry out lesson planning or other roles which can be done from home. If clinically vulnerable (but not clinically extremely vulnerable) individuals cannot work from home, they should be offered the safest available on-site roles, staying 2 metres away from others wherever possible, although the individual may choose to take on a role that does not allow for this distance if they prefer to do so. If they have to spend time within 2 metres of other people, settings must carefully assess and discuss with them whether this involves an acceptable level of risk.</p>		<p>Boldon Actions:</p> <ul style="list-style-type: none"> HT will follow all advice given by Government and LA HR on who can return to work and who should remain at home. Staff rota in place - all staff aware of when they are expected to work in the school building. All staff have been informed that if they wish to attend school building and they are not on the rota that day, they must seek permission from HT before doing so. Remote working will be completed where possible. Where staff are using the mini bus (for delivery of packed lunches to FSM families) SD should be maintained. Vehicle cleaned after each use. HT has written to all staff who cannot work during this period due to health concerns. Where shielding is required, copy of government letter presented and are not expected to work in school building. Staff members to keep HT up to date with developments. Pregnant staff members - not to work in school - will work at home. Other staff members with vulnerable health concerns have been encouraged to work at home where this is available. If working on school premises, SD must be adhered to. PPE and cleaning products available to all. 	

The risk assessment templates are intended as a starting point to consider the steps you may need to take to control the risks. It is unlikely that they will be appropriate for each individual school and they should therefore be adapted for your own specific circumstances. The manager/Head must develop them taking into account individual requirements and using any specific manufactures guidelines/instructions.

<p>Risk of coronavirus infection spreading due to large class sizes and reduced space</p>	<p>Early years and primary age children cannot be expected to remain 2 metres apart from each other and staff. Schools should therefore work through the hierarchy of measures:</p> <ul style="list-style-type: none"> • avoiding contact with anyone with symptoms • frequent hand cleaning and good respiratory hygiene practices • regular cleaning of settings • minimising contact and mixing <p>It is still important to reduce contact between people as much as possible, and we can achieve that and reduce transmission risk by ensuring children, young people and staff where possible, only mix in a small, consistent group and that small group stays away from other people and groups.</p> <p>PHE is clear that if early years settings, schools and colleges do this, and crucially if they are also applying regular hand cleaning, hygiene and cleaning measures and handling potential cases of the virus as per the advice, then the risk of transmission will be lowered.</p> <p>Where settings can keep children and young people in those small groups 2 metres away from each other, they should do so. While in general groups should be kept apart, brief, transitory contact, such as passing in a corridor, is low risk.</p> <p>For pre-school children in early years settings, the staff to child ratios within Early Years Foundation Stage (EYFS) continue to apply as set out here, and we recommend using these to group children.</p> <p>Primary schools:</p> <ul style="list-style-type: none"> • Classes should normally be split in half, with no more than 15 pupils per small group and one teacher (and, if needed, a teaching assistant). • If there are any shortages of teachers, then teaching assistants can be allocated to lead a group, working under the direction of a teacher. • Vulnerable children and children of critical workers in other year groups should also be split into small groups of no more than 15. 	<p>✓</p>	<ul style="list-style-type: none"> • No EY pupils. • Pupils within a special needs school will require more reminders of all measures than mainstream pupils. • All rooms in use will have posters and health information on display - specifically targeted at pupils. • Each day will start with teacher asking - have you displayed any of these symptoms since you left school last night. Symptoms - a new, continuous cough, a high temp, loss of taste and/or smell. • All PCs will display a health message. • Actions performed by school to ensure contact between people is kept to a minimum: <ul style="list-style-type: none"> • Staff entrance - reception <ul style="list-style-type: none"> • Pupil entrance and exit - middle corridor door <p>Detail:</p> <p>1. Reception area / sign in & out area</p> <ul style="list-style-type: none"> • The electronic sign in system will not be used during this period. A sign will be placed on screen stating Do Not Use.

Risk of coronavirus infection spreading due to large class sizes and reduced space	<p>Secondary schools and colleges, the same principle of halving classes will normally apply:</p> <ul style="list-style-type: none"> It is also sensible to rearrange classrooms and workshops with sitting positions 2 metres apart. Where very small classes might result from halving, it would be acceptable to have more than half in a class, provided the space has been rearranged. Again, support staff may be drawn on in the event there are teacher shortages, working under the direction of other teachers in the setting. Ensure safe entrance and exit routes with appropriate signage in place. <p>Each setting's circumstances will be slightly different. Any setting that cannot achieve these small groups at any point should discuss options with their local authority or trust. This might be because there are not enough classrooms or spaces available in the setting or because they do not have enough available teachers or staff to supervise the groups. Solutions might involve children attending a nearby school. If necessary, settings have the flexibility to focus first on continuing to provide places for priority groups and then, to support children's early learning, settings should prioritise groups of children as follows:</p> <ul style="list-style-type: none"> early years settings - 3 and 4 year olds followed by younger age groups infant schools - nursery (where applicable) and reception primary schools - nursery (where applicable), reception and year 1 		As above.	
Risk of coronavirus infection	Keep cohorts together where possible and ensure:		Boldon Action: Classroom bubbles

	https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2/early-years-foundation-stage-coronavirus-disapplications		<ul style="list-style-type: none"> See above re staff sickness and in the case of no first aider being on site. 	
Risk of coronavirus infection spreading to children and staff due to lack of PPE	<p>The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. PPE is only needed in a very small number of cases including:</p> <ul style="list-style-type: none"> children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way if a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A fluid-resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting and staff cannot maintain a 2m distance and there is a risk of them being splashed with spit/saliva then there may be a case for PPE given we are now in sustained community transmission. A surgical mask should be worn and a risk assessment made over eye protection (it's possible that this would be needed if pupil spitting). If any direct contact/care provided then disposable aprons and gloves should also be used... a face visor may be the better option. Education, childcare and children's social care settings and providers should use their local supply chains to obtain PPE. Where this is not possible, and there is unmet urgent need for PPE in order to operate safely, they may approach their 		<p>Boldon Action:</p> <ul style="list-style-type: none"> PPE is available for all to use if requested. Instructional video emailed to staff. All staff aware of RA and its content. All staff to follow all advice within this document - control measures & actions.

	nearest local resilience forum or contact Philip Dixon PPE.Supplies@southtyneside.gov.uk for any PPE – explain your reasoning from your RA.			
Risk of coronavirus infection spreading to children and staff due to poor communication	<p>Consider the following steps:</p> <ul style="list-style-type: none"> • tell children, young people, parents, carers or any visitors, such as suppliers, not to enter the education or childcare setting if they are displaying any symptoms of coronavirus (following the COVID-19: guidance for households with possible coronavirus infection) • tell parents that if their child needs to be accompanied to the education or childcare setting, only one parent should attend • tell parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use) • make clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely) • also think about engaging parents and children in education resources such as PSHE schools resources • explain - changes to timetable, social distancing arrangements, staggered start times, expectations when in school and at home to pupils and staff • ensure parents and young people are aware of recommendations on transport to and from education or childcare setting (including avoiding peak times). Read the Coronavirus (COVID-19): safer travel guidance for passengers • talk to staff about the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including discussing whether training would be helpful 		<p>Boldon Actions:</p> <ul style="list-style-type: none"> • Signage on gate / main entrances - do not enter if you have any of these symptoms ... • Letter to parents explaining measures and drop off procedures • Teacher asking all pupils on arrival at school - have you displayed any of these symptoms since you left school last night? • Video on social media week beginning 08/06/20 explaining procedures and measures to parents and pupils - advice to be included re not attending if anyone has any symptoms. • Mitie cleaning to continue • Additional school cleaner employed - info above.
