

Our Career Partners

It is our aim to ensure that all students have encounters with employers, employees and learning providers, to result in a better understanding of the work place and the potential career paths open to them.

If you would like to become a Career Partner, please contact Mrs Ingrid Moir,
0191 5362176

Equinor

Industry Sector: Offshore Wind & Energy

Equinor is a broad energy company and operator of the world's largest offshore wind farm under construction, Dogger Bank Wind Farm, 130km off the coast of North East England.

Tom Nightingale, North East Stakeholder Manager.

Dogger Bank O&M Base, Enterprise Way, East Side, Tyne Dock, South Shields, NE33 5SW.

DOGGER BANK
WIND FARM

“Equinor is committed to supporting Boldon School careers programme, promoting offshore wind and renewable energy career opportunities in the UK from our flagship Dogger Bank Wind Farm project, with our Operations and Maintenance base in South Tyneside.”

South Tyneside College

At STC, we offer a huge range of courses from Foundation Learning all the way up to Higher Education.

Our curriculum is based around the labour market in the North East, and as part of all programmes, learners are prepared for the world of work, assessing their career goals at all times.

Our curriculum ranges from Hair, Beauty and Barbering to Healthcare, Early Years and Public Services. We have a huge growth area around Criminology, Psychology and Forensics, where interest is really growing amongst students.

Our Engineering and Manufacturing department works across all disciplines, working with industry specialists to develop our curriculum content.

This list isn't exhaustive, and you will find all of courses, and more information at www.stc.ac.uk

If you are interested in finding out more about our programmes, you get in contact by emailing admissions@tynecoast.ac.uk or by calling 0191 427 3900.

Industry Sector: Further Education
College cutting across various sectors

South Tyneside College

“We are very proud in supporting Boldon School, and our relationship has gone from strength to strength in recent years.”

South Shields Marine School

Industry Sector: Careers at Sea/Merchant Navy/Marine Engineering/Electrotechnical

South Shields Marine School has specialised in world-class maritime education and training since 1861. We have transformed the delivery of education in this industry with our state-of-the-art facilities, industry expert lecturers and specialist programmes.

Our one year Pre-Cadetship programme covers both navigation and engineering, allowing you to experience what a maritime career is really like in both disciplines.

Once completed, you will have the opportunity to progress on to a funded sponsorship with a shipping company, where you'll be able to travel the world while being paid for it!

You will have the opportunity to navigate and steer a ship in our multi-million-pound Simulation Centre, manage critical controls in our engine rooms and get a real feel for what a career at sea is all about.

Entry Requirements

- Level 2 Pre-Cadetship - 4 GCSEs Grade 3/D (including Maths, English and a science)
- Level 3 Pre-Cadetship Engineering - Level 2 Pre-Cadetship (Level 2 Diploma in Engineering) or 4 GCSEs grades 4 or above (including Maths, English and a Science)
- Level 3 Pre-Cadetship Deck (Vocational and Academic) 4 GCSEs Grade 4/C (including Maths, English and a science)

If you are interested in finding out more about our programmes you can check out our website at www.stc.ac.uk/marine and get in contact by emailing cadets@tynecoast.ac.uk or by calling 0191 427 3517.

“We are very proud in supporting Boldon School, and our relationship has gone from strength to strength in recent years.”
