9 February 2024

Dear Parents/Carers

I wish to take this opportunity to formally introduce myself and share information with families of how we intend to progress as a school. I have a strong commitment to the school, having worked here for 18 years. My roles have been varied but what has remained constant is my time spent working with families. Therefore, I have a clear understanding of the community.

Since January, we have placed focus on improving the culture of our school, raising the profile of good behaviour and good manners. We have a responsibility as a school to ensure students maximise their potential academically and are positive role models within the community, being conscious of how they can respect themselves and others.

We have introduced a morning line-up, which clearly establishes the orderly, consistent start to the day; this allows students and staff to begin the day as a collective: being part of one inclusive school community. Students are able to regulate before entering the building, allowing for a well-ordered, safe start to the day.

Ensuring that students maximise their potential, our lessons are disruption-free. As a result of the systematic organisation to the day, we are experiencing less disruption and therefore allowing teaching and learning to be maximised.

We continue to seek support from parents and carers with regard to student punctuality. Being on time is an expectation and allows for an undisturbed start to the learning. If your child uses public transport, please encourage them to use a service which gets them to school, promptly. If your child walks, please encourage them to set off in good time, in order to be punctual. There is a free breakfast in school every morning for all students to access.

I look forward to your continued support as we drive forward our school.

Yours sincerely

Mrs L Pippin
Acting Head Teacher
